SUMMARY

A small 70-acre training installation is located (Figure 1) at the southwest corner of the Lvov training area approximately 5 kilometers (km) from Stazhiska. The installation (Figures 2 and 3) includes a barracks/administration area and a motor pool. The barracks area contains eight barracks, five administration buildings, six storage buildings and four support buildings. The motor pool area contains two motor vehicle storage buildings, two motor ve-

hicle maintenance buildings, six storage buildings, and three support buildings. The motor pool area is fenced.

Possible new construction is visible in the northern part of the installation. Prior interpretable cover is not available over this area. The area will probably house the permanent troops for the Lvov Military Training area north of the installation.
